## About Seed Global Health

Seed Global Health (Seed) envisions a world in which every country is strengthened by a robust health workforce that can meet the health needs of its population. We partner to train nurses, midwives, and physicians, building health teams that can provide high-quality care and save lives. We do this by strengthening clinical care delivery, improving health workforce education, and supporting policies that enable health professionals to succeed. Seed is dedicated to creating lasting change in the health systems of our partner countries: Malawi, Sierra Leone, Uganda, and Zambia. To ensure that these changes are durable, we form deep local partnerships that inform our work at both the individual and systems levels. Together, we create multi-generational impact by investing in people to not only treat today's problems but solve for tomorrow's.
